Supreme Court Gateway Criteria

Consider each of the criteria below before resuming court activity or progressing to a new Operating Phase:

1. No confirmed COVID-19 cases in the court facility within a 14-day period.
2. Rescission or lack of stay-at-home orders or the relaxing of group gathering restrictions applicable to the community.
3. Improving COVID-19 health conditions over a 14-day period in the community, including conditions such as the number of confirmed COVID-19 cases and related deaths in relation to a community's population density, size of particularly vulnerable populations, and availability of medical facilities including emergency and intensive care capacity.
4. Consultation with local health officials or departments concerning changes to levels of court and courthouse activities.
5. Consultation with local judiciary partners such as children's division personnel, juvenile officers, members of the local bar, prosecutors and public defenders, law enforcement and probation and parole.

If these Criteria suggest local conditions are improving sufficiently, a presiding judge or chief judge may consider moving to a higher Operating Phase and gradually resuming and adapting previously suspended court activities.

If these Gateway Criteria suggest local conditions are worsening or that there is a resurgence of COVID-19 cases in the community, a presiding judge or chief judge should move to a lower Operating Phase including, when necessary and appropriate, returning to Operating Phase Zero.
